

# PEUGEOT TRAVELLER RANGE

PRICES, EQUIPMENT AND TECHNICAL SPECIFICATIONS

Version 24 - September 2020

Model Year - 2021

PEUGEOT

Lengths

**Lengths:**

Designed to fit your life, with two lengths available, there is a PEUGEOT Traveller to suit everyone. The two different lengths are made up of a combination of one wheelbase lengths and two rear overhangs. The two lengths are as follows:

**Standard:** Measuring in at 4.95m in length, Standard combines a longer wheelbase with a short rear overhang . Standard length provides the perfect balance between manoeuvrability and practicality. The longer wheelbase provides extra rear seat legroom and a larger boot area whilst the compact rear overhang ensures a comfortable fit within car park spaces.

**Long:** Measuring in at 5.30m in length, Long combines a long wheelbase with a long rear overhang for optimum practicality. Perfect for larger families or VIP transportation. PEUGEOT recommend the fitment of the optional third row seats to take full advantage of the cavernous levels of space available.

All versions of PEUGEOT Traveller are limited to a height of 1.9m , this allows easy access to height restricted car parks.

Model shown is PEUGEOT Traveller Allure Standard length

PEUGEOT Traveller Allure

PEUGEOT Traveller Range

PEUGEOT Traveller Standard

Featuring two distinctive ranges, PEUGEOT Traveller has been designed with both families and businesses in mind, and is dedicated to passenger transport and leisure.

Available in Active or Allure trim, the Traveller meets the different needs of families and businesses thanks to its changeable seat layout, with sliding and removable capabilities. This flexibility allows you to maximise interior space and enjoy driving comfort. Passengers can take advantage of the aviation screens in the second row and be protected by integrated sun blinds.

Luggage in the boot can be easily accessed due to an opening rear window. With space, practicality, comfort and an easily cleanable interior, the PEUGEOT Traveller can cater for numerous customer needs. The PEUGEOT Traveller can carry up to eight people with 1500 litres of boot volume, up to five people with 3000 litres or 4900 litres due to its removable seats in row two and three.

PEUGEOT Traveller Long

Model shown is PEUGEOT Traveller Active Standard length

PEUGEOT Traveller Active

Model shown is PEUGEOT Traveller Allure Standard length in optional Amber Red metallic paint

Available in 2 lengths, Standard and Long, PEUGEOT Traveller can carry up to eight people. Featuring a wealth of practical solutions the PEUGEOT Traveller is the ultimate multi-purpose vehicle, ready to take on whatever life can throw at it.

**PEUGEOT Traveller models come with the following equipment as standard:**

**Safety and Security**

- ABS with Electronic Brakeforce Distribution (EBD)
- Airbags
  - Driver and front passenger airbags
  - Driver and front passenger side airbags (head and thorax)
- Alarm (volumetric)
- Automatic door locking when moving off
- Cruise control and speed limiter
- DAA1 (Driver attention alert system)
- Electric child locking functionality on rear doors
- Emergency fuel cut off (in event of collision)
- Exterior temperature indicator with ice warning
- Front optimised safety headrests and rear retractable headrests (x3), height-adjustable.
- Front three-point retractable seatbelts
- Front ventilated disc brakes, rear disc brakes
- Gear Shift Indicator
- Headlights left on / door open audible warning
- Hill start assist function
- Isofix child seat fittings (x3 sets including top tether) for rear seats
- Rear three-point retractable seatbelts (x3)
- Seatbelt not fastened or unfastened audible and visual alert for front seats
- Tyre pressure sensors (indirect)
- AVAS: Acoustic Vehicle Alerting System. Generates a sound when travelling at low speed, audible outside the vehicle for pedestrian safety (Electric versions only)

**Comfort and Convenience**

- Acoustic Pack (Acoustic windscreen and rear side windows)
- Coat hooks (driver and passenger side)
- Cup-holders (x2, dashboard mounted)
- Cup-holders (x2, located in row 3 side panels)
- Electric and heated door mirrors
- Electric power steering with reach and rake-adjustable steering column
- Front interior light with reading spotlights (x2)
- Grab handles, driver and passenger side, retractable with damping
- Heated rear windscreen with rear wash wipe
- Illuminated boot area
- Illuminated vanity mirrors
- Mechanical handbrake
- Multifunction trip computer
- One-touch electric front windows with pinch protection
- Parking sensors - rear
- Power folding door mirrors
- Reading spotlights (x3), in rear
- Rear side windows: dark tinted (30% light transmission) fixed position row 2 /3
- Remote central locking with deadlocks
- Twin sliding rear doors

**Interior Features**

- Dashboard: chrome airvent surround trim
- Dashboard: lower glovebox, open without lid
- Dashboard: open central storage compartment
- Dashboard: upper glovebox, with lid and illumination
- Decorative inlays to dashboard, door and side panels
- Door pockets: front, (including storage for 1.5L bottles)
- Door pockets: rear, (including storage for 500ml bottles)
- Fixing rings (x4) in load area (Standard versions)
- Fixing rings (x6) in load area (Long versions)
- Gear lever - automatic with rotary 'drive mode selector'
- Gear lever - manual with black gearknob and leather effect gaiter trim (5 and 6 speed gearbox)
- Instrument display panel: white LCD matrix display and 4 x dials (rev counter, speedo, fuel gauge and water temperature)
- Plastic coated steering wheel with multifunction controls on steering column
- Roof lining - light grey
- Satin chrome finish to front interior door handles
- Seating:
  - Driver and front passenger seat adjustable armrest
  - Driver and front passenger seat mechanical longitudinal adjustment
  - Driver and front passenger seat mechanical back rest angle adjustment
  - Driver seat mechanical height adjustment
  - Driver seat mechanical lumbar adjustment

**In Car Entertainment**

- Bluetooth® telephone facility
- DAB radio (Digital Audio Broadcasting)
- Mirror Screen®:
  - Apple CarPlay™
  - Android Auto
- USB socket
- 4-speaker radio + 4 tweeters, MP3 compatible
- 7.0" capacitive touchscreen
- 12 V sockets (x3) (dashboard, lower glovebox and load area)

**Exterior Features**

- Body colour door mirrors
- Body-colour exterior door handles
- Body-colour front and rear bumpers (centre of rear bumper features black insert on long versions)
- Body colour side rubbing strips
- Radiator grille: chrome edge trim and black facets
- Roof mounted antenna
- 17" 'Phoenix' alloy wheels

**Exterior Lighting and Visibility**

- Halogen front fog lights (includes cornering assist function)
- Halogen headlights
- Halogen rear fog lights
- Halogen rear lights (including braking and turn signal functions)
- Halogen rear numberplate lights (x2)
- Halogen third brake light
- LED daytime running lights
- Visibility pack
  - Automatic headlights
  - Automatic windscreen wipers
  - Electrochrome rear view mirror (auto dimming)
  - 'Follow me home' headlights

Model shown is PEUGEOT Traveller Allure Standard length in optional Nimbus Grey metallic paint and free of charge optional row 3 seating.

Vehicle shown with 17" 'Phoenix' alloy wheels (standard on Diesel versions only)

### ACTIVE (available as Diesel and Electric)

With the perfect balance of character and strength, Active is the perfect place to start your journey

In addition to the standard specification, Active versions benefit from the following additional features:

#### Safety and Security

- PEUGEOT Connect SOS and Assistance (EV versions)

#### Comfort and Convenience

- Automatic dual zone climate control
- Boot load restraint net
- Child observation mirror
- Electric parking brake (EV versions)
- Map pockets on front seat backs
- Rear seat 'aviation style' air conditioning panel: (excludes Compact versions)
  - 6 x ceiling mounted air vents
  - temperature and fan speed adjustment
  - floor mounted air vents

#### Interior Features

- Dashboard: closed central storage compartment
- Decorative inlays: Anodised blue
- Flooring: black carpet
- Seating
  - Grey and dark blue 'Ocean' cloth trim
  - Row 2: 3 seater bench (1/3 2/3 split) on rails with longitudinal and backrest angle adjustment
  - Row 2: removable seats
  - Row 3, 3 additional seats on rails, (1/3 2/3), removable, with 3 x Isofix mounting points. Includes longitudinal and back rest angle adjustment.

- Tray tables on front seat backs
- Window blinds (row 2)

#### In Car Entertainment

- 12 V sockets (x4) (dashboard, lower glovebox, rear cabin and load area)
- 220 V socket in row 2

#### Exterior Features

- 17" 'Phoenix' alloy wheels (Diesel versions)
- 17" 'Miami' wheel trims (EV versions)

Illustration of the standard seating configuration on Active and Allure versions for 8 people. Please note, image is for illustrative purposes, trim and specification are standard, optional or unavailable according to level.

### ALLURE (available as Diesel and Electric)

With added style and specification, enjoy the ultimate in understated luxury

In addition to the Active specification, Allure versions benefit from the following additional features:

#### Safety and Security

- Airbags
- Blind spot monitoring system
- Head up display
- PEUGEOT Connect SOS and Assistance
- Programmable cruise control and speed limiter

#### Comfort and Convenience

- Additional non-programmable heating (Webasto)
- Additional soundproofing to passenger compartments
- Footwell illumination (seating in row 1 and 2)
- Front interior light (x1 LED) with reading spotlights (x2 LED)
- Fuel filler door: electrically lockable (linked to central locking)
- Head-up display
- Parking sensors - front and rear
- PEUGEOT Open and Go (keyless entry and push button start)
- Power folding door mirrors
- Reading spotlights LED (x3), in rear
- Rear side windows: extra-dark tinted (10% light transmission) fixed position row 2 /3 (Standard / Long versions)
- Split opening tailgate
- Twin 'hands free' electric sliding rear doors (includes foot operated sensors)
- 180° colour reversing camera

#### Interior Features

- Decorative inlays: Brushed aluminium
- Gear lever - Leather gearknob and leather effect gaiter trim
- Instrument display panel: 3.5" colour display, 4 x dials (rev counter and speedo with illuminated chrome plate surround, plus fuel gauge and water temperature)
- Mistral floor mats with stitch detail
- Mistral full-grain multi-function leather steering wheel with stitch detail

#### Interior Features

- Seating
  - Claudia Mistral leather seat trim
  - Driver and front passenger seat electric lumbar adjustment
  - Driver and front passenger seat electric multi-way adjustment
  - Driver and front passenger seat massage function
  - Driver and front passenger seat heating

#### In Car Entertainment

- Connected 3D Navigation\*
  - Automatic connection via PEUGEOT Connect
  - TomTom® Live updates (3 year subscription)^
  - SpeedCam / Danger Zones (3 year subscription)^
  - HiFi Pack (5 speakers + 4 tweeters and subwoofer)
- Voice recognition (radio, navigation and telephony features)

#### Exterior Features

- Body-colour exterior door handles with chrome detail
- Panoramic cielo glass roof including 2x manual blackout blinds and 'aviation style' centre panel

#### Exterior Lighting and Visibility

- Xenon headlights

\*Additional terms and conditions apply to connected services, including customer acceptance of location sharing prior to activation

\* Please note, CO2 emissions quoted are for standard vehicles only, fitment of selected seating options, alloy wheels and Grip Control® can impact quoted figures, please refer to 'Options' and 'Tech Spec' pages for further detail.

CO2 figures, P11D values, BIK% and MRRP pricing shown above are for a standard vehicle without any additional optional equipment. CO2 figures are used to calculate Vehicle Excise Duty (VED) for the first registration of the vehicle and BIK%. The addition of optional extras could increase the certified CO2 emission output. This in turn may affect the amount of VED payable upon registration, and, for company car drivers, the amount of Benefit in Kind (BIK) tax payable.

For further information on CO2 and pricing for vehicles with optional equipment, please visit [www.peugeot.co.uk](http://www.peugeot.co.uk) and configure your chosen vehicle with your preferred options.

Figures shown are for comparison purposes and should only be compared to the fuel consumption and CO2 values of other cars tested to the same technical standard.

The fuel consumption achieved, and CO2 produced, in real world conditions will depend upon a number of factors including, but not limited to: the accessories fitted (pre and post registration); variations in weather; driving styles and vehicle load. The WLTP (Worldwide Harmonised Light Vehicles Test Procedure) is used to measure fuel consumption and CO2 figures.\*\*On the Road' MRRP includes registration plates and delivery to retailer (including VAT), 12 months' Vehicle Excise Duty and new vehicle registration fee of £55. Excludes fuel and insurance.

All information and prices correct at time of publication, but are subject to change at any time without prior notice (which may occur as a result of matters including, but not limited to, any changes in legislation and/or any changes by the government).

Model shown is PEUGEOT Traveller Allure with optional Amber Red metallic paint

For further information visit our website at [peugeot.co.uk](http://peugeot.co.uk) or contact your local PEUGEOT Retailer.

### Automatic Emergency Braking System (AEBS2)

**Automatic Emergency Braking System (AEBS2):** (Optional as part of Drive Assist Pack)

An intelligent autonomous braking system designed to avoid a collision or limit its severity by reducing the vehicle's speed. The system is triggered if the driver does not react quickly enough, by activating the vehicle's brakes.

A multifunction camera located at the top of the windscreen and a radar mounted at the front of the vehicle are able to detect obstructions on the road. The system is able to detect vehicles that are moving in the same direction or are at a stop, together with pedestrians in the road.

**Distance Alert System:** (Optional as part of Drive Assist Pack)

Working in conjunction with the AEBS2, the distance alert function warns the driver if the vehicle risks a collision with the vehicle in front or a pedestrian in the road. Two levels of warning are available, the first 'Amber' warning provides a visual alert to the potential risk. In a more severe instance a 'Red' visual and audible alert indicate a collision is imminent and driver action is required, failure to act triggers the AEBS2, for added peace of mind.

### Blind Spot Monitoring

**Active Blind Spot Detection (ABSD):** (Standard on Allure versions)

With PEUGEOT Traveller you can enjoy the feeling of having eyes in the back of your head with blind spot monitoring. This intelligent system uses lateral ultrasound sensors to cover areas out of your field of vision around the outside of the vehicle. The driver is alerted via the illumination of an LED in either side door mirror on the presence of a car, lorry, motorbike or bicycle in the blind spot. The system works when overtaking a slower vehicle or when overtaken by a faster vehicle. This intelligent feature operates from speeds as low as 8mph right up to the National Speed Limit.

Standard on Allure versions and optional on other versions, blind spot monitoring improves confidence behind the wheel and is particularly useful for motorway driving.

### Adaptive Cruise Control

**Adaptive Cruise Control :** (Optional as part of part of the Drive Assist Pack)

Controlled via a radar mounted at the front of the vehicle, the adaptive cruise control system provides the following key function:

- Automatic maintenance of the vehicles speed, at the value set by the driver.

The system detects a vehicle driving in front in the same direction and can use engine braking to reduce the vehicles speed.

### PEUGEOT Connect SOS and Assistance

**PEUGEOT Connect SOS & Assistance:** (Standard on Allure and EV versions)

A vehicle locating communication unit, this feature can be used manually (dedicated SOS button on the console) or automatically (if pyrotechnic devices are deployed). It locates the vehicle precisely and triggers the sending of the appropriate emergency services for a rapid response.

PEUGEOT are the pioneers of this technology, since launching in 2003. The system is subscription free with no additional charges and uses a GPS module and SIM card (built in to the system).

### Lane Departure Warning

**Lane Departure Warning:** (Optional as part of the Safety Pack)

A system that monitors continuous and discontinuous lines and warns the driver if a longitudinal lane marking on the ground is accidentally crossed. If steering deviation is detected, you are alerted by a flashing indicator on the digital instrument panel and an audible signal in the cabin.

Visible via the instrument display panel or head up display (where specified), the lane departure warning system is particularly useful on motorways.

### Driver Attention Alert

**Driver Attention Alert:** (Optional as part of the Safety Pack)

Linked to the Safety Pack, to help you stay sharp and alert behind the wheel, PEUGEOT Traveller features a two stage driver alert system for added safety on the road, comprising:

**Driver Attention Alert 1 (DAA1):** (standard on all models) it is important to take frequent breaks when travelling over long distances, to better guarantee your safety and the safety of those around you. All PEUGEOT Traveller models feature a timed alert system that operates at speeds in excess of 40mph, after two hours of driving a message is displayed recommending that you take a break.

**Driver Attention Alert 3 (DAA3):** (optional as part of safety pack) controlled by a camera at the top of the windscreen designed to analyse the vehicles trajectory, this active system evaluates the vigilance of the driver at speeds of over 40mph.

By identifying deviations relative to the road markings, PEUGEOT Traveller is able to determine whether the vehicle's behaviour reflects a certain degree of driver drowsiness or inattention. If it is felt that the driver needs to take better care on the road a visual and audible alert will occur. If more than three

### Speed Limit Recognition

**Speed Limit Recognition and Recommendation:** (Optional as part of the Safety Pack)

Using the windscreen mounted camera, PEUGEOT Traveller features speed limit sign recognition, leaving you in no doubt over the speed limit. Upon detecting a speed limit sign this information is read by the camera and displayed in colour on the digital instrument panel.

In addition to been made aware of the speed the driver also has the option to adapt their speed to the speed limit on the particular road via the vehicles cruise control stalk. The vehicle will then adjust its speed accordingly.

On roads without speed signs, a satellite feed via the navigation system will provide speed limits for major roads.

### PEUGEOT Smartbeam Assistance

**PEUGEOT Smartbeam Assistance:** (Optional as part of Safety Pack)

Linked to the Safety Pack, PEUGEOT Smartbeam Assistance gives you one less thing to think about when driving at night. Controlled via a windscreen mounted camera, the system continuously analyses driving conditions, for instance the proximity of other vehicles.

PEUGEOT Smartbeam Assistance automatically switches headlights to full beam when conditions allow, allowing you to tap into the full potential of the halogen or xenon headlights, dependent on version.

### Connected 3D Navigation

**Connected 3D Navigation®:** (Standard on Allure)

Linked to the 7.0" capacitive colour touchscreen, the system includes European mapping, 3D city mapping and voice recognition (for radio, navigation and telephone functions).

The system also includes a 3 year subscription\* to PEUGEOT Connect allowing an automatic, permanent connection to online navigation services (in partnership with TomTom®). Key features of PEUGEOT Connect include:

- **TomTom® Traffic:** Real-time updates on traffic conditions (traffic jams, road works) and suggested alternative routes.
- **Local Weather:** Displays forecasted weather conditions along the route.
- **Fuel Stations:** Displays nearby fuel stations and pricing.
- **Parking:** Displays prices and availability
- **Local search:** Access address and contact detail information for a point of interest.

\*Additional terms and conditions apply to connected services, including customer acceptance of location sharing prior to activation. \*Subject to subscription – after you have taken delivery of your vehicle, please subscribe on: <https://services-store.peugeot.co.uk>

### Mirror Screen®

**Mirror Screen®:** (Standard on all versions)

Allows the mirroring of a compatible smartphone screen to access the key functionality on the handset. Once paired functions are displayed on the 7.0" capacitive colour touchscreen. System features vary by provider/phone and can include navigation, text display, text reading, media functionality voice control. Mirror Screen® uses the following systems:

- **Apple CarPlay™**
- **Android Auto**

\*For further information on Apple CarPlay™ and smartphone compatibility please visit : <https://www.apple.com/ios/carplay/>  
For information on Android Auto and smartphone compatibility please visit : <https://www.android.com/autor/>

### 180° Colour Reversing Camera

**180° Colour Reversing Camera:** (Standard on Allure)

A camera located on the rear of the vehicle is linked to the 7.0" capacitive colour touchscreen. Offering increased visibility when reversing, with a selection of views to choose from, you'll never look back:

- **Rear Grid View:** a clear view of obstructions to the rear of the vehicle coupled with grid lines oriented to the positioning of the steering wheel, offering perspective for distances of one and two metres respectively from the rear bumper.
- **180° View:** Divides the screen into three zones, offering a clear view of vehicles approaching from the side. Perfect for safely reversing out of parking spaces.
- **Overhead View:** the camera records the surroundings during a manoeuvre to reconstitute an overhead rear view of the vehicle in its immediate environment, making it easier to manoeuvre between surrounding obstacles.

### Head Up Display

**Head Up Display:** (Standard on Allure)

A driver information interface that displays key driving information via a clear retractable screen in the drivers line of sight. The screen can be adjusted for both angle and brightness, as well as folded away completely at any point during a journey. The system can display key information (where specified, please note some features below are standard/optional according to version) including:

- Speedo
- Cruise control speed settings
- Navigation directions (where applicable)
- Speed limit recognition and recommendation
- Lane departure warning

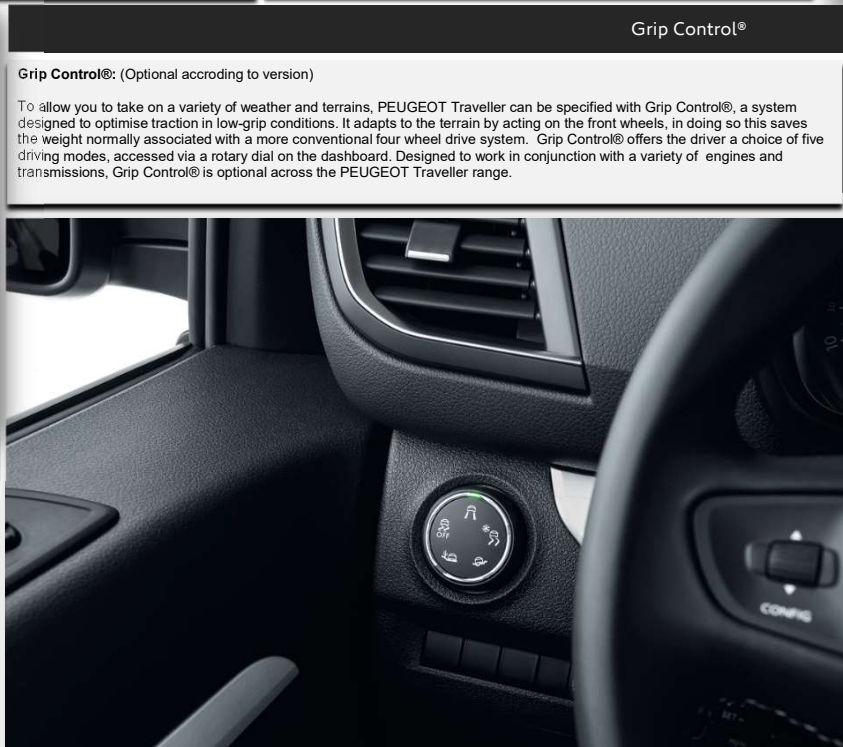

### Twin 'Hands Free' Electric Sliding Rear Doors

**Twin 'Hands Free' Electric Sliding Rear Doors:** (Standard on Allure)

To make access that little bit easier, PEUGEOT Traveller with electric sliding side door technology can help to make life just that bit easier. Featuring a sensor located under the rear bumper, both on the left and right sides, a simple foot movement underneath the bumper is all that is required (vehicle key must be within range) to open and close the side doors. In addition the doors can be electrically operated using the exterior door handles, buttons on the door interior fascia panels, interior rear door handles, dashboard and keyless entry enabled key fob. With a large opening aperture the twin sliding doors provide enhanced practicality and access, particularly in tight parking scenarios.

**PEUGEOT Open and Go:** (Standard on Allure)

In conjunction with the twin electric door feature is PEUGEOT Open and Go. Using sensors mounted in the exterior door handles, PEUGEOT Traveller can be opened without removing the key from your pocket or bag, simply grab the handle and the vehicle will automatically unlock. Once inside a simple press of the stop start button is all that is required.

### Grip Control®

**Grip Control®:** (Optional according to version)

To allow you to take on a variety of weather and terrains, PEUGEOT Traveller can be specified with Grip Control®, a system designed to optimise traction in low-grip conditions. It adapts to the terrain by acting on the front wheels, in doing so this saves the weight normally associated with a more conventional four wheel drive system. Grip Control® offers the driver a choice of five driving modes, accessed via a rotary dial on the dashboard. Designed to work in conjunction with a variety of engines and transmissions, Grip Control® is optional across the PEUGEOT Traveller range.

**ESP Off:**

Enables the disconnecting of the dynamic stability control (ESP) and traction aids (ASR/Grip Control), up to 31mph (50 km/h) to give the driver complete autonomy. These systems are automatically reconnected above this speed for safety.

**Normal Mode:**

Calibrated system with a low, fixed level of wheel spin based on a compromise between the different types of grip generally encountered in normal day to day driving.

**Snow Mode:**

The system adapts to the grip conditions encountered by each wheel when starting. When advancing, the system optimises wheel spin to guarantee the best acceleration based on the available traction. Recommended in cases of deep snow and

**Mud Mode:**

This mode authorises a lot of wheel spin at start-up for the wheel with the least grip, this removes mud and re-establishes traction. Meanwhile, the wheel with the most grip is provided with the most torque possible. This mode is also useful on wet

**Sand Mode:**

This mode allows a small amount of simultaneous wheel spin on the two drive wheels, enabling the vehicle to advance and reduce the risk of sinking.

### Euro NCAP Rating

#### Euro NCAP Rating:

PEUGEOT Traveller offers optimum protection for you and your family. All models front and side airbags as standard. Additional protection is available with 2nd and 3rd row curtain airbags as optional. Airbag protection comprises:

**Driver & front passenger airbags:** providing frontal protection for front seat occupants.

**Front side airbags:** located in the seat frame on the outside edge of the front seats frames, they inflate between front seat occupants and the front doors, providing, chest, abdomen and pelvic protection in a side impact.

**Curtain airbags:** located in the cant rail on either side of Traveller, these deploy in a side impact and provide head protection for both front and rear occupants in a side impact (optional)

In addition, deployment of the airbags causes the fuel supply to be cut off, doors will automatically unlock, hazard warning lights will activate and PEUGEOT Connect SOS (standard on Allure and EV versions) will automatically trigger and contact the emergency services if no response is received from occupants on-board.

In recognition of all of the above, PEUGEOT Traveller was awarded the maximum, 5 star rating from Euro NCAP, the largest independent vehicle safety assessor in Europe.

Intelligent Storage Solutions: Front Door Pockets

### Intelligent Storage Solutions

#### Intelligent Storage Solutions: (Dependent on version)

PEUGEOT Traveller has been carefully designed to offer useful storage solutions to accommodate all of the items needed for daily life, plus a bit more for good measure. With over 40 litres of storage on offer, areas include:

**Upper Glovebox, with Lid:** Offering 7 litres of space under the opening lid, also includes illumination

**Front Door Pockets:** Offering 10 litres of storage in each, these can also accommodate 1.5 litre bottles. Both front doors feature upper and lower pockets.

In addition all versions feature open lower glove boxes, dashboard central storage compartments that offer over 5 litres, rear door pockets at over 5 litres for each.

Airbags

### Family Friendly Features

#### Family Friendly Features: (Dependent on version)

PEUGEOT Traveller has been designed with the family in mind. On top of the outstanding practicality, Traveller also features family focussed touches including:

**Child Observation Mirror:** (Standard on all versions). Positioned above the rear view mirror, this convex mirror will allow you to keep a close eye on up to six children sat in the rear seats, all from the comfort of the drivers seat.

**Electric Child Locks:** (Standard on all versions). Offering peace of mind on the move, electric child locks ensure that the rear doors stay safely secured whilst on the move

**Isofix Mounting Points:** (Standard on all versions). Offering a minimum of 3 sets of Isofix mounting points across row 2 (including top tethers, PEUGEOT Traveller offers secure transport for baby and child seats. As a result of the practical vehicle shape, 3 child seats will comfortably fit sit by side. For larger families up to 6 sets of Isofix mounting points can be specified.

Panoramic Cielo Glass Roof

### Panoramic Cielo Glass Roof

#### Panoramic Cielo Glass Roof: (Standard on Allure)

Enjoy the world outside with PEUGEOT Traveller. Divided into two glass panels that bathe the cabin in natural light, the panoramic cielo glass roof enhances the interior ambience onboard PEUGEOT Traveller.

Measuring a metre in length x 400mm width the two panels are divided by an 'aviation style' air conditioning panel, complete with 6 vents, temperature and fan speed adjustment as well as lighting.

If the summer sun proves to be too much each panel is fitted with a black out blind and to further enhance the mood onboard at night, white LED ambient lighting flanks the inner sides of the glass panels to give a soft glow.

Family Friendly Features: Child Observation Mirror

### Window Blinds and Tray Tables On Front Seat Backs

#### Window Blinds and Tray Tables On Front Seat Backs: (Standard on Active, Allure)

In row 2 PEUGEOT Traveller passengers can enjoy enhanced comfort. As standard on most versions the large row 2 windows come fitted with retractable window blinds. Coupled with the dark tinted windows, this ensures optimum privacy and shelter from bright sunlight.

Taking further inspiration from the world of aviation, PEUGEOT Traveller also features tray tables on front seat backs. Featuring a recess to hold a beverage and a tethering strap for securing items, every journey will feel first class on-board PEUGEOT Traveller.

Window Blinds and Tray Tables On Front Seat Backs

### Boot Space and Modularity

#### Boot Space and Modularity:

With a choice of two lengths available PEUGEOT Traveller offers a wealth of configurations, in 5 seat mode boot space ranges from 1356 dm3 to 2011 dm3 for Compact and Long versions respectively. Coupled with the cavernous boot area, are some really useful touches including a very low load sill, particularly useful when loading heavy or bulky items. The boot also offers a very wide aperture and inside, the large, uniform, square boot area ensures that every last part of the is accessible and useable. Further practical touches include:

**Boot Load Restraint Net:** (Standard on all versions), this large net helps to secure smaller items and prevent them from shifting whilst on the move, the net is secured via the fixing rings located in the corners of the boot.

**Split Opening Tailgate:** (as standard on Allure versions), a great feature if space at the rear of the vehicle is at a premium, provides quick access to the boot area and allows items to be placed directly onto the parcel shelf (if specified).

Boot Load Restraint Net

Split Opening Tailgate

Live the Power of Choice

**Full Electric Vehicle**

The PEUGEOT Traveller is not only available with a range of diesel powertrains to choose from, but is also available as a full electric vehicle. For even more versatility, both the Standard and Long lengths are available with the 50 kWh battery and allow a range of up to 148 miles (WLTP).

**Charging Flexibility**

The new PEUGEOT e-Traveller offers ultimate charging flexibility with two available on-board chargers and 3 modes available.

Two types of on-board chargers are available, a 7.4 kW single-phase charger as standard, or an 11 kW three-phase charger (available as an option).

**Domestic (AC):** from a standard socket, full charge in 31 hours (accessory cable needed)

**Fast (AC)** from a 7.4 kW wallbox full charge in 7.5 hours and from a 11 kW wallbox full charge in just 5 hours

**Rapid (DC)** 100kW public rapid charge terminals allow 80% charge in just 30 minutes

New PEUGEOT e-Traveller Front View

New PEUGEOT e-Traveller Front View

Technical

**Electric 50 kWh 136hp motor**

The new PEUGEOT e-Traveller offers a lively and stimulating drive thanks to its full electric motor. You benefit from immediate reactivity with 260Nm of torque from 0mph. The silent engine offers a serene drive without vibration.

**EMP2 Platform**

Based on the **EMP2** (Efficient Modular Platform) multi-energy modular platform, the PEUGEOT e-Traveller offers a full electric powertrain, with a maximum power of 100 kW and a maximum torque of 260 Nm.

**Range**

148 miles WLTP

Usage

The new PEUGEOT e-Traveller offers 3 driving modes from the mode selector:

**Eco** (60 kW, 180 Nm): for optimising range

**Normal** (80 kW, 210 Nm): for everyday use

**Power** (100 kW, 260 Nm): for optimal performance

Two braking modes are available:

**Moderate**

**Emphasised** (accessible from push "B", for "Brake" located on the gearbox control), for increased deceleration when the accelerator pedal is released

All versions of the new PEUGEOT e-Traveller are equipped with the

New e-Traveller Charging Capability

e' Monogram Badging

Technology

The head up display evolves to share the necessary information the driver needs to correctly handle a full Electric vehicle:

A powermetre for displaying consumption (ECO, POWER or CHARGE)

A consumption gauge for heating and air conditioning

A battery level gauge

A colour matrix to display energy flows, charge monitoring (current or delayed), on-board computer information and range

In the centre of the vehicle is the touchscreen from which you can access the "Electric" menu:

"Flow" to view the live energy flow

"Statistics" to display the consumption statistics

"Charge" which allows you to program a deferred charge. In addition, you can view the available charging points, the remaining range, or set the passenger compartment's heating preconditioning settings.

**AVAS: Acoustic Vehicle Alerting System.**

Generates a sound when travelling at low speed, audible outside the vehicle for pedestrian safety (Standard on Electric versions)

EV Services

**MyPeugeot App:**

**Charge management:** Control, plan, launch and check the vehicle's charge remotely

**Climate preset:** Remotely plan and control the heating or air conditioning in the interior of your car.

**e-Coaching:** Consumption logs and statistics

**Charging Pass:**

PEUGEOT will provide access to certain UK public charging points through a free subscription for an introductory period.

Styling

The new PEUGEOT e-Traveller comes with distinctive and exclusive touches:

The Lion logo featuring a specific dichroic treatment which changes colour from different angles depending on the exterior lighting.

A specific 'e' monogram badging as well as the name of the car at the rear.

The fuel consumption achieved, and CO2 produced, in real world conditions will depend upon a number of factors including, but not limited to: the accessories fitted (pre and post registration); variations in weather, driving styles and vehicle load. The WLTP (Worldwide Harmonised Light Vehicles Test Procedure) is used to measure fuel consumption and CO2 figures. Figures shown are for comparison purposes and should only be compared to the fuel consumption and CO2 values of other cars tested to the same technical standard.

All PEUGEOT models equipped with BlueHdi engine technology are fitted with SCR technology (Selective Catalytic Reduction) and particulate filtration to treat exhaust gases.

## How Does the Process Work?

The process specifically targets the pollutants of diesel combustion, removing hydrocarbons and carbon monoxide, reducing nitrogen oxides by up to 90% and eliminating 99.9% of particulates.

This occurs during a three stage process:

- Stage One - the oxidation catalytic converter eliminates the hydrocarbons (HC) and the carbon monoxide (CO), transforming them into water (H<sub>2</sub>O) and carbon dioxide (CO<sub>2</sub>)
- Stage Two - the SCR (Selective Catalytic Reduction) transforms the nitrogen oxides (NOx) into water (H<sub>2</sub>O) and nitrogen (N<sub>2</sub>), which is the main constituent of air (78%), due to the addition of AdBlue® (mixture of urea and water)
- Stage Three - the Particulate Emission Filter eliminates 99.9% of the particulates by number, leaving just harmless water (H<sub>2</sub>O) and nitrogen (N<sub>2</sub>) gases to be emitted from the exhaust

To allow treatment of nitrogen oxides (NOx) emissions, PEUGEOT passenger cars powered by BlueHdi engine technology are fitted with a separate AdBlue® tank to hold the solution. In most instances this tank is around 17 litres in size. AdBlue® like fuel and screenwash is treated as a consumable and must be kept regularly topped up. Various factors can affect consumption of AdBlue® including but not limited to driving style, weight carried in the vehicle and environmental factors.

PEUGEOT Model	AdBlue® Tank Size	Tank Location	Top Up Required
TRAVELLER	22 litres	Passenger side, rear	Around 6,000 miles - 9,000 miles

## Topping Up AdBlue®

To prevent your PEUGEOT running out of the AdBlue® additive the car is fitted with a low level detection facility, just as would be the case with fuel. A series of notifications are available but where the AdBlue® range exceeds 1,500 miles (2,400 km), no information range is automatically displayed.

- Remaining range between 1,500 and 350 miles (2,400 and 600 km): When switching on the ignition, this warning lamp comes on, accompanied by an audible signal and the display of a message (e.g.: "Top up emissions additive : Starting prevented in 930 miles (1,500 km)") indicating the remaining range expressed in miles or kilometres. When driving, the message is displayed every 190 miles (300 km) until the tank is topped up. The reserve level has been reached; it is recommended that you top up as soon as possible.

- Range less than 350 miles (600 km): When switching on the ignition, this warning lamp comes on, accompanied by an audible signal (1 beep) and the display of a message (e.g. "Top up AdBlue: Starting impossible in 350miles(600 km)") indicating the remaining range expressed in miles or kilometres. When driving, this message is displayed every 30 seconds until the level is topped up. It is essential to top up as soon as possible and before the tank is completely empty; otherwise it will not be possible to restart the engine after the next stop

## Important Points

- If your vehicle's AdBlue® tank is completely empty – which is confirmed by the alert messages and the impossibility of starting the engine - you must add at least 5 litres of AdBlue® solution
- Never pour AdBlue® into the Diesel fuel tank
- If any AdBlue® is splashed, or if there are any spillages on the side of the body, rinse immediately with cold water or wipe with a damp cloth
- If the fluid has crystallised, clean it off using a sponge and hot water
- Keep AdBlue® out of the reach of children, in its original container
- Never store AdBlue® containers in your vehicle
- Use only AdBlue® fluid that meets the ISO 22241 standard
- Never transfer AdBlue® to another container: it would lose its purity
- Never dilute AdBlue® with water
- Important: in the event of a top-up after an AdBlue® breakdown, you must wait about five minutes before switching on the ignition, without opening the driver's door, unlocking the vehicle or bringing the electronic key into the passenger compartment.

### PEUGEOT offer two levels of Service Contract:

#### PEUGEOT Service Plans

##### What's included:

- PEUGEOT Service Plans offer complete assurance that all your servicing costs will be completely covered for the duration of the plan
- We offer PEUGEOT Service Plans for up to five years with many mileage options
- One-off up front or monthly direct debit payment options available

##### Monthly price examples\*:

36 Months / 30,000 Miles	48 Months / 40,000 Miles	60 Months / 50,000 Miles
10.07 per month	13.16 per month	12.58 per month

\* Price examples based on an annual mileage of 10,000 per annum

A PEUGEOT Service Plan can be purchased up to 12 months after registration date. The prices quoted above are indicative, for a bespoke quote please contact your local PEUGEOT Retailer. If the plan is taken out after the date of registration an additional payment will be required to cover this starting period. Any normal wear and tear maintenance work such as replacement of tyres, brake pads, brake discs, clutches, shock absorbers, wipers, batteries, bulbs, silencer, exhausts and windscreens are excluded. Servicing must be carried out by a PEUGEOT Authorised Repairer in the UK. PEUGEOT Motor Company reserve the right to change, amend or withdraw this product at any time.

#### Extended PEUGEOT Assistance\*

##### What's included: Extension of your PEUGEOT Assistance Cover

- Offers you the opportunity to extend PEUGEOT Assistance up to a further two years
- Cover includes:
  - PEUGEOT Assistance from Home
  - PEUGEOT Roadside Assistance
  - PEUGEOT Recovery
  - PEUGEOT Onward Travel
  - PEUGEOT European Cover

\* Excludes non-vehicle induced faults

To find out about extending your PEUGEOT Assistance cover, call 0800 294 0294

\*Applies to diesel vehicles that do not meet the real driving emissions step 2 (RDE2) standard

VAT is calculated at 20%

VAT is not applicable to cars sold in the Channel Islands

Cars with a list price of over £40,000 when new pay an additional £325 per year on top of the £150 annual tax 'standard rate', for five years after the end of the first licence before returning to the rates listed above. This supplement does not apply to electric vehicles.

PEUGEOT 3 Years of Warranty

All vehicles first registered in the UK and purchased from a UK PEUGEOT Retailer benefit from a PEUGEOT 2 year unlimited mileage manufacturer's warranty and a free optional additional 1 year of warranty provided by the PEUGEOT Retail network in the UK.

PEUGEOT Assistance

All new PEUGEOTs come with PEUGEOT Assistance, our breakdown assistance service.

PEUGEOT Assistance is available every minute of the day and night; 365 days of the year, for you and anyone else driving your PEUGEOT with your permission.

Full details are available at [www.peugeot.co.uk](http://www.peugeot.co.uk)

Terms and Conditions

All information and prices correct at time of publication, but are subject to change at any time without prior notice (which may occur as a result of matters including, but not limited to, any changes in legislation and/or any changes by the government).

It is our policy to continually improve our vehicles in every way. To avoid any misunderstandings you are advised to check with your PEUGEOT Retailer the prices, specification (including colour), equipment, accessories and equipment relating to any PEUGEOT vehicle and the exact cost and availability prior to ordering.

Where a feature is described as an option in this publication it should be assumed that it is at extra cost unless specifically stated otherwise.
