

# PEUGEOT **EXPERT**

PRICES - EQUIPMENT - TECHNICAL SPECIFICATIONS

Effective from 1st April 2026  
2026.5 (L0) Model Year

## PEUGEOT EXPERT

**PEUGEOT EXPERT features a renewed design, improved efficiency, the latest-generation connectivity and more sophisticated driving aids. It also retains the robustness, versatility and driving dynamics that have made it such a success with professionals.**

**Within the interior, the driving position has been extensively redesigned for greater comfort, ergonomics and practicality. The dashboard and steering wheel have also been redesigned, while the digital instrument cluster and the large central 10" touchscreen make the interface between driver and vehicle an enjoyable and efficient one.**

# PEUGEOT EXPERT | STANDARD EQUIPMENT BY EDITION

## PANEL VAN PROFESSIONAL

### STANDARD FEATURES INCLUDE

#### INFOTAINMENT

- PEUGEOT i-Connect® infotainment system featuring:
  - 10" HD Touch screen with Mirror Screen (WiFi)
  - Radio AM/FM/DAB
  - 4G connectivity + "OK PEUGEOT" intelligent voice assistant + E-call + A-call
  - Two speakers & two tweeters
  - 1x USB
- Steering wheel mounted audio controls

#### INTERIOR CONVENIENCE AND STYLING

- 10" colour digital instrument cluster
- Reach and rake-adjustable steering wheel
- Air conditioning
- Multi-function trip computer
- Paddle shifters for regenerative braking selection
  - light/medium/strong (ELECTRIC only)
- 12V socket in lower glove box
- USB socket in dashboard
- Electrically operated front windows

#### SEATING

- Six-way adjustable driver's seat with lumbar adjustment and armrest
- Dual front passengers' bench seat with underseat storage

- 16" steel wheels with centre cap
- Black Front/Rear Bumper, Door Handles, Side protection mouldings, Sliding Door Rail Cover
- Nearside and offside sliding side-access doors
- Twin solid rear doors
- Emergency tyre inflation kit
- Single-phase 11kW Mode 3 Type 2 Onboard Charger with 6m cable (ELECTRIC only)

#### SAFETY AND SECURITY

- Electronic power steering
- Selective door locking
- Remote control central deadlocking
- Engine deadlock immobiliser
- Two keys with integral remote
- Lockable fuel filler/Electric charge flap
- Driver and front passengers' airbags
- Height-adjustable front seatbelts
- Electronic stability programme with traction control
- Anti-lock braking system
- Advance emergency braking system
- Full-height steel bulkhead
- Hill start assist
- Tyre pressure monitoring system
- Electric Parking Brake

- Intelligent speed assistance
- Lane keep assist
- Driver Attention Alert level 4 (includes driver weariness camera)
- Cruise control with speed limiter
- Rear parking distance sensors

#### LIGHTING AND VISIBILITY

- Electrically adjustable/heated door mirrors
- Automatic lighting control
- Daytime running lights
- Rain-sensitive windscreen wipers
- High beam assist

#### CREW VAN ADDITIONAL FEATURES

- Driver and front passengers' curtain and side-impact airbags
- Three-individually contoured rear seats
- Full-height ABS plastic bulkhead with window
- Glazed nearside and offside-access doors

# PEUGEOT EXPERT | STANDARD EQUIPMENT BY EDITION

## PANEL VAN **ASPHALT**

### STANDARD FEATURES OVER AND ABOVE PROFESSIONAL

#### INFOTAINMENT

- PEUGEOT i-Connect® Advanced infotainment system featuring:
  - TomTom® 3D connected navigation

#### INTERIOR CONVENIENCE AND STYLING

- Full Moduwork with load-through hatch with fold-flat centre seat backrest providing flat work surface
- 12V socket in load area (LHS at bottom of D-Pillar)

Please note: The above LCDV codes are for England, Wales and Scotland. For Northern Ireland the 'TX' is replaced with 'T0'.

All information and prices correct at time of publication, but are subject to change at any time without prior notice (which may occur as a result of matters including, but not limited to, any changes in legislation and/or any changes by the government). Please see our Prices and Specifications brochures or contact your local PEUGEOT Retailership for the most up-to-date prices and specification details for all models. CO<sub>2</sub> figures above are for a standard vehicle without any additional optional equipment. The addition of optional extras could increase the certified CO<sub>2</sub> emission output. \*ASPHALT versions benefit from the Moduwork® seat which provides an additional load length of 1162mm and increases the load volume by 0.5m³. \*\*WLTP figures shown are for comparison purposes and should only be compared to the fuel consumption and CO<sub>2</sub> values of other vans tested to the same technical standard. The fuel consumption achieved, and CO<sub>2</sub> produced, in real world conditions will depend upon a number of factors including, but not limited to: the accessories fitted (pre and post registration); variations in weather; driving styles and vehicle load. The WLTP (Worldwide Harmonised Light Vehicles Test Procedure) is used to measure fuel consumption and CO<sub>2</sub> figures. †All Manufacturer's Recommended Basic Prices are exclusive of V.A.T., Delivery to Retailer and Number Plates, Government First Registration Fee and Vehicle Excise Duty. ^The Government PiVG is worked out at 35% of the Base Vehicle Price (incl. VAT) and including any discounts applied up to a maximum of £5,000. On-the-road pricing includes number plates and delivery to Retailer of £1,070.00 exc. VAT (£1,284.00 inc. VAT) and new vehicle first registration fee of £55.00 (correct at time of publication). Excludes fuel and insurance.

KEY: ● STANDARD ○ OPTIONAL

## TECHNOLOGY AND ENTERTAINMENT

PEUGEOT i-Connect Advanced infotainment system NAVI featuring

- TomTom® 3D connected navigation
- 10" HD colour touchscreen
- Mirror Screen (WiFi)
- Steering wheel controls
- "OK PEUGEOT" intelligent voice assistant
- Two speakers and two tweeters
- 2xUSB

## SEATING, COMFORT AND CONVENIENCE

Individual front passenger seat with armrest. Height adjustable driver's seat with lumbar adjustment and armrest

Winter Pack: Heated driver seat with controls on the seat [NA03], Side airbags 1st row driver and passenger thorax in the seats + curtain for the head [NF26], Heated Leather Steering Wheel [VH04+I301+HG06]

Moduwork: dual passenger bench seat with fold-up outer seat, fold-down writing table in central seat back and storage under central seat. Height adjustable driver's seat with lumbar adjustment and armrest

Camera Pack: Visiopark 180° (Rear Parking Camera)

Camera Pack with Connected Navi: Visiopark 180° Rear Parking Camera [WYAX], i-Connect Advanced w/NAVI [ZJA9]: Power-Folding Mirror [HU02], Fog lamps [PR06], 12V socket in load area (LHS at bottom of D-Pillar) [ES04]

City Pack. Dynamic Surround View [WYAZ] with Connected Navi Pack : Digital rear view mirror and lateral side view [N202], Front & Rear Park Assist [UB24], Flankguard detection of fixed obstacles, Visiopark 180° [QK13], Blind spot detection [AO01], i-Connect Advanced w/NAVI [ZJA9]: Power-Folding Mirror [HU02], Fog lamps [PR06], 12V socket in load area (LHS at bottom of D-Pillar) [ES04]  
(Not available with Glazed Rear Doors or Glazed Tailgate)

## DOORS & WINDOWS

Fixed side windows in sliding side doors, with noise-reducing tinted glass

Twin glazed rear doors (opening to 180°) with Glazed Bulkhead, heated rear windows and wash-wipe  
(Not available with Dynamic Surround View)

Tailgate with Glazed Bulkhead, heated window and wash-wipe  
(Not available with Dynamic Surround View)

## LOAD CARRYING

Coated anti-slip 9mm wood floor with aluminium rods

Polycarbonate glazed contoured bulkhead.  
Provides an additional 40mm of seat travel and 8.5° of tilt on the driver's seat. Reduces load length by 116mm at a height of 1m from the floor.

## WHEELS, TYRES & DRIVING CHARACTERISTICS

17" steel wheels with black centre caps and 3PMSF Cross Climate tyres

17" "Phoenix" alloy wheels in Anthra with Westlake Loadforce 326+ tyres [ZHZJ]  
(not available with Worksite Pack)

Full sized spare wheel with black steel rim

Worksite Pack: Enhanced Ground Clearance (175mm) [SE02], Engine Protection Plate [FX01], Full Sized Spare Wheel [RS03]  
(DIESEL only; not available with Alloy Wheels)

## TOWING

Removable Towbar with ball and hook, 13 pin connector and Trailer Sway Mitigation  
(DIESEL only)

## CONVERTER EQUIPMENT

Converter Pack: Upgraded battery and alternator (L3 720 battery, class 18 alternator), towbar pre-conditioning (rear electric harness + fast connectors (behind rear bumper) + beam with 13 pin socket), Conversion interface box – Only for use for electrical connections for integral elements of a vehicle conversion

e-PTO (Electrical Power Take Off) on 400V battery : High power connector on junction box  
(ELECTRIC only)

## PEUGEOT EXPERT | ALSO INCLUDES A FLEET MANAGEMENT SERVICE OFFER....

### PREVENTIVE MAINTENANCE

FOR 4 YEARS FOR CUSTOMERS MANAGED BY DEALERS

(B2C & SME)

The Preventive Maintenance Service is designed to help monitor and optimise the health of commercial vehicle fleets, offering support through live alerts and upcoming maintenance reports. This makes it easier for fleet managers to keep their vehicles in good working condition, saving time and money.

- Fleet Dashboard View
- Maintenance Tracking
- Report via Email
- Vehicle Health Alerts
- Van Maintenance Appointment

### Connect Fleet

Customers can upgrade (via subscription) to Connect Fleet. This management platform is a full version opening up a broader spectrum of possibilities. With Connect Fleet customers can optimise the use of their vehicles by gaining access to consumption reports, mechanical alerts, eco driving and driving behaviour reports and vehicle geolocation in the event of theft in real time.

[For more details click here](#)

[For contact click here](#)

4 YEARS TRANSFERABLE

### FLEET MANAGEMENT DATA PACK

FOR 4 YEARS FOR CUSTOMERS MANAGED BY NSC KAMS

(MAJOR FLEETS, RAC & LEASING)

Natively embedded telematics data via MyPEUGEOT is already included in vehicle purchase for eligible vehicles. This enables a multitude of fleet management use cases to boost fleet efficiency, safety and sustainability, including:

- Fuel Management
- Vehicle Health Monitoring & Maintenance Management
- Route Optimisation
- Driver Monitoring
- EV Charging Management

#### Benefits for Fleet Customers

- Compatible with any Fleet Management Service Provider
- No expenses for aftermarket device, no additional data costs for customer
- No downtime for installation
- Seamless, immediate and zero-touch activation, rapid deployment at scale
- As telematics system is fully integrated in vehicle, data source is primary and will not be a third party approximation

PEUGEOT have partnered with Octopus Energy to provide everything you need for your PEUGEOT E-EXPERT, including a tariff, charger and a solution for charging on the go making owning an electric vehicle easier and hassle-free.

Click [here](#) for more information.

The E-EXPERT is a battery electric vehicle requiring mains electricity for charging. Range data given has been determined according to WLTP test procedure methodology. The figures shown are intended for comparability purposes only and should only be compared to other cars tested to the same technical standard. The range you achieve under real world driving conditions will depend upon a number of factors, including but not limited to: the accessories fitted (pre and post registration); charging frequency; personal driving style; vehicle load and route characteristics; variations in weather; heating/air conditioning; pre-conditioning and battery condition. For more information, contact your local PEUGEOT Retailer.

The fuel consumption or electric range achieved, and CO<sub>2</sub> produced (where applicable), in real world conditions will depend upon a number of factors including, but not limited to: the accessories fitted (pre and post registration); the starting charge of the battery; variations in weather; driving styles and vehicle load. The WLTP (Worldwide Harmonised Light Vehicles Test Procedure) is used to measure fuel consumption, electric range and CO<sub>2</sub> figures. Figures shown are for comparison purposes and should only be compared to the fuel consumption, electric range and CO<sub>2</sub> values of other cars tested to the same technical standard.

^ 'LOW': Low speed city driving, representative of city centre driving, maximum 35mph. ^^ 'MEDIUM': Medium speed town driving, representative of town or suburban driving, maximum 50mph. ^^^ 'HIGH': High speed rural driving, representative of A-road or dual carriageway driving, maximum 60mph. ^^\* 'EXTRA HIGH': Extra High speed motorway driving, representative of a typical European motorway, maximum 81mph. ^^\* 'COMBINED': A mixed journey average of all elements. Figures quoted reflect a range of configurations (including non-UK market vehicles) and are subject to changes resulting from ongoing product development, range evolutions, testing and evaluations.

\*Please note: The EAER, Equivalent All Electric Range, is for business tax calculations only and does not represent the actual range attainable by the vehicle.

AdBlue tank capacity litres (gallons)	19 (4.1)			

By simply twisting the dial, the following modes can be selected:

- Park, for when the vehicle is stationary and the wheels are locked
- Drive, for automatic forward motion
- Neutral, for when the vehicle is stationary, wheels are free
- Reverse, for automatic backward motion

For an extra experience of dynamism, the shift paddles for automatic transmissions are located behind the steering wheel, offering drivers an extra level of control that is highly ergonomic and intuitive. The shift paddles function in the following way:

- To go up a gear, the driver must pull the right lever towards themselves
- To go down a gear, the driver must pull the left lever towards themselves – Please note: only consecutive gear changes are possible

Vehicles with BlueInjection technology will need regular AdBlue® top-ups between servicing requirements. An indicator integrated into the on-board computer will warn you when you need to top up. For more information please contact your local PEUGEOT Dealer. In accordance with regulations R (EC) No. 715/2007 and R (EC) No. 692/2008 (in the versions respectively applicable).

# PEUGEOT EXPERT | GLOSSARY OF TERMS

## PLATED WEIGHT

The maximum weight to which a vehicle or an axle may be loaded, determined either by the design of the components or by legislation. All commercial vehicles must carry a manufacturer's 'plate' showing the vehicle and axle gross 'plated weights'. It is an offence to drive a vehicle in a condition where any of these weights are exceeded.

## KERB WEIGHT

The Minimum Mass minus the driver's weight. When Kerb Weight used, driver weight is included within the Maximum Indicative Payload weight.

## MINIMUM MASS

Minimum Mass ('Mass in running order' on Certificate of Conformity and 'Mass in Service' on V5C form) is defined according to European Type Approval and include all fluids, tools and 90% fuel load/EV battery. It is minimum mass for this variant and does not consider local specification/trim or deletable options (specific to the vehicle). Weights are also subject to manufacturing tolerances (EU Legislation allows 5% tolerance).

## GROSS VEHICLE WEIGHT (GVW)

The total permissible weight of a vehicle including payload and passengers, as shown on the manufacturer's plate.

## GROSS COMBINATION WEIGHT (GCW)

The maximum permissible weight of a vehicle, including payload and passengers, combined with the total weight of any trailer it is towing. The maximum GCW weight limit is quoted on the vehicle plate and must not be exceeded.

## PAYLOAD

The total permissible weight that can be carried without exceeding the vehicle's plated weight. Payload does not include driver but does take into consideration specification/trim level:

Weights are also subject to manufacturing tolerances (EU Legislation allows 5% tolerance). Payload does not consider any additional options that a customer may order.

## ROOF LOADS

Roof load should not exceed 100kg including the weight of the roof rack/carrier.

## MAXIMUM TOWING WEIGHT

The maximum weight of any trailer and its load which may be towed within the limit of the vehicle's plated Gross Combination Weight (GCW). It is based on the ability of the vehicle – at full GCW – to restart on a 12% gradient, which is approximately 1 in 8.3, at sea level. At altitudes above 1500 metres, the engine output may drop with a corresponding reduction in towing capability. It is the operator's responsibility to ensure that the trailer noseweight does not cause the rear axle plated weight of the towing vehicle to be exceeded.

**Always fit PEUGEOT towing attachments and accessories available from your PEUGEOT Commercial Vehicle Retailer. They are designed specifically for PEUGEOT models and carry a 12-month warranty.**

## COMMERCIAL VEHICLE CATEGORIES

### Differences between M1/N1 and M2/N2 (Vehicles with GVW above 3500kg)

**Category M:** Passenger carriers

**Category N:** Goods vehicles

**Category N1:** Vehicles designed and constructed for the carriage of goods and having a maximum mass not exceeding 3.5 tonnes.

**Category N2:** Vehicles designed and constructed for the carriage of goods and having a maximum mass exceeding 3.5 tonnes but not exceeding 12 tonnes.

**Specific differences, all M2/N2 require the following:**

**Speed limiter:** All M2/N2 vehicles are legally required to be speed limited. M2 to 62mph and N2 to 56mph.

## CONVERSIONS

Body builders requiring conversion guidance including 2D drawings & 3D CAD should establish an account at [www.converters-and-stellantis.com](http://www.converters-and-stellantis.com)
